Cities are fascinating places filled with a **unique** energy. They are home to a diverse population, with people from all walks of life and countless cultures coming together. These concrete jungles, as they are sometimes called, are constantly evolving, with new buildings reaching for the sky and innovations changing the urban landscape.

One of the most striking features of a city is its towering skyscrapers. These steel and glass giants offer breathtaking views and house businesses, offices, and even residential apartments. Beneath these giants, a network of subways and buses weaves through the city, forming the lifeblood of its transportation system. Thousands of people rely on this network to get to work, school, and appointments, creating a constant flow of movement.

Cities are also cultural hubs, bursting with museums, art galleries, and theaters. These institutions offer opportunities to learn about history, appreciate art, and enjoy live performances. From

traditional museums showcasing ancient artifacts to modern galleries featuring contemporary art, cities offer a diverse range of cultural experiences.

However, city life also presents challenges. Traffic congestion can be a major issue, causing delays and frustration for commuters. Additionally, the high cost of living in a city can be a burden for some residents. Nonetheless, the vibrant energy, diverse culture, and endless opportunities make cities a unique and captivating environment for many people.

Question 26. What are skyscrapers often used for in cities?

- A. Parks B. Homes, offices, and businesses C. Farming D. Airports
