# NEW WORDS:

sunny

A close-up photograph of a vibrant green leaf, likely from a tropical plant, covered in numerous clear, glistening water droplets. The droplets vary in size and are scattered across the leaf's surface, some appearing as thin streaks and others as larger beads. The background is a deep, dark black, which makes the green of the leaf and the white highlights of the water droplets stand out sharply. The overall mood is fresh and serene, evoking a sense of a recent rain shower.

rainy

A photograph of a sky filled with numerous white, fluffy clouds. The clouds are scattered across the frame, with some appearing larger and more detailed in the foreground, and others smaller and more distant. The background is a clear, bright blue sky. The overall scene is bright and airy.

A vibrant, cartoon-style illustration of a sunny day. The sky is a clear, light blue, dotted with several soft, white, fluffy clouds. On the left, a cheerful butterfly with orange and pink wings and a yellow body is flying. On the right, a large, bright orange sun with a smiling face and rosy cheeks is shining, with a few orange rays extending downwards. The bottom of the image shows a lush green field with small white flowers scattered across it, and a line of green bushes or trees in the distance.
